End of the Penultimate Term News

Dear Esteemed Parents,
Compliment of the Season!

The Penultimate term has been very eventful indeed and we give God the glory for His goodness and awesome work in IGS. As usual, it has been an amazing term of teaching and learning new skills and concepts in all year groups despite the shortness of the term.

The nursery children had various learning/fun activities all through the term and they continue to experience a well-rounded growth. The thematic programmes, spelling competition, show and tell, role plays and other presentations contributed in raising the children's confidence. The field trip to Mindscape Children's Museum helped to reinforce practical life activities that they were exposed to within the term.

In addition, story time with mummies and daddies added a lot of fun to our nursery classrooms.

We appreciate the mummies and daddies who were able to attend. You may never know the difference you have made in the lives of the children.

Academics

Our Year 6 pupils and their teachers have been very determined to achieve their goals; so, they have been working assiduously from September till date. The result of entrance examinations to standard secondary schools is the product of such commitment to excellence and hard work.

Apart from academics, our pupils have continued to prove their mettle in sports and interschool competitions. Our 10th Annual Inter-House Sports Day and 2018 AISEN Football Competition were two opportunities that our pupils utilised to exhibit their God-given talents and skills this term.

The commitment of our members of staff and their willingness to build well-rounded pupils is highly commended. We also appreciate the efforts of our pupils for participating actively in their learning process and contributing to the vibrancy of IGS Community.

IGS Creche

We are happy to announce the commencement of our crèche this term. Admission is open to babies from three months old. You are warmly invited to visit the facility.

Morning Assembly and Field Trips

The morning assembly and class presentations have further helped to develop our pupils' public speaking skills and confidence.

Furthermore, field trips to different organisations also helped our pupils to gain firsthand information and experience in various spheres.

Mothers' Day

"Mothers hold their children's hand for a short while but their heart forever." - Unknown

We thank our mummies who helped to add colour at our mother' day special assembly. The time you spent in each classroom is appreciated as well.

Gratitude

The term would not have been a success, but for the prevailing home-school collaboration which we encourage a lot. We acknowledge the part parents have played so far and appreciate them for their continued cooperation and support in nurturing our lovely pupils to greatness.

Finally, I would like to thank our esteemed parents for all their support and commitment to nurturing and empowering a new breed of children who will impact the world positively and make it a better place. As always, we welcome any input or suggestions that you may have to improve the overall experience at Imperial Gate School.

Wishing you a Happy Easter Celebration!

Best regards

Mabel Ogaraku
Head of School
